

Senior Healthcare Support Worker: Maternity Support

 Level 3

21 Months On Programme
Including 3 Months EPA

Overview

This apprenticeship is ideal for individuals who provide empathetic and effective support to pregnant women, mothers, and newborns.

This apprenticeship is crafted to empower apprentices with the skills necessary to assist with childbirth, provide essential postnatal care, and support new parents in caring for their infants; fostering confidence and bonding. The programme ensures that apprentices are well-prepared to make a significant contribution to maternity care, enhancing the experiences of families during this transformative time. Through hands-on experience and expert-led training, apprentices will emerge as confident and compassionate maternity support workers, ready to make a positive impact in healthcare settings.

Upon Successful Completion Of The Programme:

- Senior Healthcare Support Worker Apprenticeship – Pass or Distinction
- Level 2 English and maths (if not exempt)
- Level 3 Diploma in Healthcare Support
