

Senior Healthcare Support Worker: Mental Health Support

 Level 3

21 Months On Programme
Including 3 Months EPA

Overview

The Mental Health Support Worker role is pivotal in supporting registered practitioners across environments such as hospitals, community centres, residential homes, and specialised facilities like hospices or prisons. Committed to the field of mental health, aiming to support individuals through various stages of their mental health journey, including treatment, management, and recovery.

This programme is designed to equip Senior Healthcare Support Workers specialising in mental health with the skills and knowledge required to excel in this demanding yet rewarding field. By fostering a deep understanding of mental health issues and recovery processes, our apprentices will be empowered to make a profound impact on the lives of those they serve, while also enhancing their own career prospects in the healthcare sector.

Upon Successful Completion Of The Programme:

- Senior Healthcare Support Worker Apprenticeship – Pass or Distinction
- Level 2 English and maths (if not exempt)
- Level 3 Diploma in Healthcare Support
