

Associate Project Manager

Level 4

24 Months On Programme
Including 3 Months EPA

Overview

This programme recognises the dynamic scope of managing projects of varying magnitudes and sectors, emphasising the necessity of solid planning, systematic execution, strategic leadership, and transparent communication for project success. It is perfectly suited for proactive individuals who are ready to deepen their understanding of project objectives, timelines, budgeting, and resource management to lead projects to triumphant completions.

Completing our programme will equip participants with a comprehensive skill set, enhanced confidence, and the acumen necessary to navigate and deliver complex projects effectively, setting the stage for accelerated career progression within their current organisational structure.

Upon Successful Completion Of The Programme:

- Apprenticeship in Associate Project Management - Pass, Merit or Distinction
- Level 2 English and maths (if not exempt)
- An APM Project Management Qualification
